THE PROJECT

A commercial development featuring a bespoke brick faced GRC facade package, executed in a challenging live urban environment.

- ✓ Bespoke finish
- ✓ Lightweight solution
- ✓ Consistent quality
- ✓ Technical logistics
- ✓ Experienced installation
- ✓ Longevity

BESPOKE GRC FINISHES. TECHNICAL KNOWLEDGE. MODERN DELIVERY

MCC delivers a fully integrated façade package covering design coordination, procurement, installation, specialist lifting, access planning, and logistics management. We specialise in delivering complex façade packages in constrained and live environments, where careful planning and coordination are essential.

Our capability includes developing bespoke access and lifting strategies to enable safe, efficient installation in challenging site conditions, alongside detailed logistics planning to manage deliveries, sequencing, and on-site operations.

- ✓ Trusted offsite manufacturer
- ✓ One delivery model

BESPOKE GRC. EXPERIENCED TEAM.

We specialise in the design, manufacture and installation of bespoke GRC (Glassfibre Reinforced Concrete) elements. Working collaboratively with clients and project teams, we ensure seamless integration between design, supply chain, and installation, maintaining programme certainty and high standards of safety and quality. This approach enables the successful delivery of technically demanding façade and recladding projects in complex environments.
